

Improve Uptime

Reduce Costs

Train your Employees

PRoCARE®

We're with you, right down the line.

CustomerCare.JBTC@jbt.com | jbt.com

PRoCARE[®]: The worry-free, proactive program that helps keep you running.

A PRoCARE[®] service agreement from JBT gives you peace of mind that your equipment will stay up and running so you can meet your production goals. Plus, it helps keep your staff trained and up-to-date on best practices.

With PRoCARE you get:

- Comprehensive preventive maintenance assistance
- A predictable monthly cost of maintenance for each piece of equipment covered
- Application process training and education for your staff
- Efficient, reliable equipment performance throughout your coverage period
- Customer support

INCREASE UPTIME

JBT PProCARE provides everything your equipment needs for years of consistent, trouble-free operation:

- Proactive service includes regular inspections, superior lubricant application, replacing worn parts with original replacements before they break down and documented ways to optimize usage and maintenance
- Preventive maintenance assistance based on our manufacturer's technical knowledge
- Original, superior-quality replacement parts
- Proprietary food-grade Formula™ lubricants
- Priority technical phone support
- Emergency repair assistance

IMPROVE PERFORMANCE & STREAMLINE MAINTENANCE

Before we start your PProCARE program, we make sure your equipment is operating at its best to begin with.

- We create a plan customized for your maintenance needs
- We perform a deep inspection to make sure your equipment is operating as it should
- We establish an optimal performance level and then train your operating, maintenance and cleaning teams how to keep it there
- We provide complete documentation of everything we do, what needs to be done and when

TRAIN AND EDUCATE YOUR STAFF

No one knows your equipment better than the people who built it. So there's no one more qualified to not only keep it running, but to train your staff on how to get the most out of it.

- PProCARE offers training programs customized to your needs — to make sure your staff knows how to operate your equipment optimally
- We document best practices for your staff to operate and maintain your equipment
- You get access to our world-class JBT facilities and food technicians to help you improve your products and processes
