

# Sta-Fresh® 2952

## The export quality, high durability coating for pineapples

Sta-Fresh® 2952 is a high quality, innovative pineapple coating developed especially for packers who require attractive fresh fruit appearance when transporting to distant markets. This new coating is the result of advanced coatings research, cutting edge technology coupled with formulation techniques acquired through 75 years of blending experience. Sta-Fresh® 2952 is a concentrated product that is formulated with quality ingredients that uniformly coat and adhere to the pineapple shell. It provides excellent protection for pineapples by controlling dehydration and delaying color development resulting in maximum flavor and firmness. Pineapples coated with Sta-Fresh® 2952 exhibit an attractive fresh fruit appearance even after long distance transport.
