

# Sta-Fresh®

## 2952

### The export quality, high durability coating for pineapples

**Sta-Fresh® 2952** is a high quality, innovative pineapple coating developed especially for packers who require attractive fresh fruit appearance when transporting to distant markets. This new coating is the result of advanced coatings research, cutting edge technology coupled with formulation techniques acquired through 75 years of blending experience.

**Sta-Fresh® 2952** is a concentrated product that is formulated with quality ingredients that uniformly coat and adhere to the pineapple shell. It provides excellent protection for pineapples by controlling dehydration and delaying color development resulting in maximum flavor and firmness.

Pineapples coated with **Sta-Fresh® 2952** exhibit an attractive fresh fruit appearance even after long distance transport.

Severe dry spotting on untreated fruit

Superb dry spotting control on fruit treated with Sta-Fresh® 2952

### Product Features & Benefits

- ✓ Superb dry spotting control
- ✓ Outstanding shell color retention
